## **Feedback on Community Diagnostic Centre 2 (CDC)**

The NHS in Lincolnshire is currently working on the delivery of Community Diagnostic Centres (CDCs) across Lincolnshire. We are committed to engaging as widely as possible and in particular ensuring that members of the public are aware of future plans for the development of community diagnostic centres (CDC) in Lincolnshire and given the opportunity to help shape these.

We have previously engaged on what is important to the public in delivering diagnostic services and this feedback informed the development of our first CDC in Grantham which has recently opened and started treating patients.

**We are now asking for your views on our next phase of CDCs.**

Please tell us your views by [completing this survey](#)

## **Community Diagnostic Centres Patient Experience Survey**

### **Have you recently attended a diagnostic appointment in Lincolnshire?**

We are currently exploring how future diagnostic services could be delivered across Lincolnshire and are seeking your views and experiences. In particular we want to gather feedback on your experiences of the service you received and what changes you would like to see in the future. Please complete this survey and share your experiences with us.

### **[Complete the survey](#)**

If you would like either of these surveys in an alternative format, or would like help in completing the forms, please email the Engagement Team at [lccg.involveus@nhs.net](mailto:lccg.involveus@nhs.net)

## **Ockenden Review Engagement**

To help improve and shape the future of maternity services we are asking service users, families and carers to share your views and experiences.

You are invited to complete our survey by 9 June 2022.

You can complete this survey on-line or by telephoning 07814 226996

## Lived Experience Partners to join Advisory Group for people living with diabetes

### We want to hear from you!

NHS England and NHS Improvement are looking to work with a number of enthusiastic individuals in a paid partner position. The position is with an Advisory Group to support the development of a national project about experiences of living with diabetes.

The Group will bring together equal numbers of lived experience partners, healthcare professionals and public health staff to:

- Advise on how to make sure the programme puts the perspective of the people who use our services first.
- Develop and contribute to the programme's plans for carrying out the work.
- Provide suggestions and recommendations on how the results of the work can be turned into actions, which will improve people's experiences of services. As a member you will bring your views, lived experience and perspective to the Group.

This role is important in championing the views of:

- people who use our services
- people with diabetes and their carers/families' views

The only experience needed is living with type 1 diabetes or type 2 diabetes, or to be a carer or family member of an adult living with diabetes. We want to make sure we are hearing from people with lots of different health care experiences, so welcome applications from everyone who this applies to.

For more information contact **Arron Sandhu** at:

- Email: [england.digitaldiabetes@nhs.net](mailto:england.digitaldiabetes@nhs.net)
- Telephone: 07702 420246

Application closing date: **9am Monday 27th June 2022**

Online interviews: **week commencing 4th July 2022**

Please include in your application form if you have any accessibility needs so that we may support you to attend the interview.

## **Veterans and Families Institute for Military Social research**

Ex-service women needed to take part in virtual research interviews

Are you a woman who has previously served in the UK Armed Forces? Would you like to contribute to research focused on improving provision for female veterans?

At the Veterans and Families Institute for Military Social research (VFI) at Anglia Ruskin University, we have been commissioned by the Office for Veterans Affairs to carry out research focus on the lived experience of ex-servicewomen in the UK. We would like to speak to 100 women from across the devolved nations of the UK, who have previously served in Her Majesty's Armed Forces as a full-time regular.

If you are interested in finding out more, please contact us at: [female.veterans@aru.ac.uk](mailto:female.veterans@aru.ac.uk)  
For further information about the VFI, visit <https://aru.ac.uk/veterans-and-families-institute>
